

Software Developer C++ Algorithms in Autonomous Driving (m/f/x)

LOCATION
Cluj-Napoca

COMPANY
ARRK Research & Development
SRL

CONTRACT TYPE
Full-time

Form of Work
Hybride

WHAT TO EXPECT

- Collaborative, agile environment where proactive communication and teamwork are essential, especially when working with international teams
- Hybrid working in home office and/or our location in Cluj-Napoca possible
- A structured, analytical mindset and strong problem-solving skills will help in understanding system behavior and improving performance.

YOUR TASKS

- Develop and optimize algorithms for advanced driver assistance systems (ADAS)
- Translate product and system requirements into clear software requirements and functional concepts
- Implement and integrate embedded software components in C/C++
- Design, implement, and execute software tests (unit, integration, and functional tests)
- Support and coordinate HiL and vehicle testing together with international teams
- Analyze test results and logs to identify issues and improve system performance
- Contribute to agile development processes, progress tracking, and continuous improvement
- Support development of internal tools (e.g. for testing, analysis, automation) using Python
- Explore and apply modern technologies such as AI-assisted development tools (e.g. Claude Code) to improve productivity

YOUR PROFILE

- Degree in Computer Science or a closely related field (e.g. Software Engineering, Informatics, Applied Computer Science)
- 2–3 years of experience in software development (preferably embedded systems)
- Strong programming skills in C/C++
- Good knowledge of Python, ideally for tooling, scripting, or automation
- Initial experience with AI-assisted development tools (e.g. GitHub Copilot or Claude Code) or strong interest in AI-supported workflows
- Basic knowledge of AUTOSAR (Adaptive AUTOSAR is a plus)
- Strong analytical and problem-solving skills
- Proactive, structured working style and willingness to learn
- Good communication skills and high proficiency in English

YOUR BENEFITS

Exciting projects

Flexible working
hours
