WHAT TO EXPECT

Shape the Digital Future of Automotive R&D

We're part of a top automotive company, but our Digitalization & Software team works with the energy and flexibility of a startup. We're driving digital change in automotive R&D, exploring new technologies like AI, improving old processes, and finding quicker, smarter ways to innovate. If you're proactive, independent, and ready to make an impact, we'd love to hear from you.

YOUR TASKS

- Conception, development and maintenance of intelligent low-code solutions based on the Microsoft Power Platform (PowerApps, Power Automate, Power BI, Copilot Studio) and Azure AI Services.
- Analysis and optimization of business processes with a strong focus on automation and AI-based workflows.
- Collaboration with departments to translate business requirements into scalable and secure Power Platform solutions.
- Integration of PowerApps and Power Automate flows into existing system landscapes (Microsoft 365, SharePoint, Dynamics 365, Azure).
- Design and implementation of dashboards and data models in Power BI to create actionable business insights.
- Deployment and governance of Copilot Studio agents and Azure AI integrations to enhance process intelligence.
- Ensuring quality, security, and compliance standards across all developed solutions.
- Active participation in agile project meetings and close exchange with cross-functional teams.

YOUR PROFILE

- Degree in Computer Science, Business Informatics, or equivalent qualification.
- Proven experience in designing and developing solutions with PowerApps, Power Automate, Power BI, and ideally Copilot Studio or Azure AI Services.
- Strong understanding of data modeling, connectors, and integration patterns within the Microsoft ecosystem.
- Experience in integrating Power Platform solutions with SharePoint, Dynamics 365, or custom APIs.
- Familiarity with Azure AI, natural language processing, or intelligent agent concepts is a strong plus.
- Independent, solution-oriented, and structured way of working.
- Excellent communication skills and team spirit.
- Fluent in English; German is an advantage.

YOUR BENEFITS

Exciting projects

Flexible working hours

Employee events

Creative scope

Sports and wellness offers

Pleasant working atmosphere
