WHAT TO EXPECT

- The Digitalization & Software area - with around 100 employees - shapes the digital transformation of companies from various industries using the latest technologies and methods. We offer space for your own ideas, professional development and professional processes in a start-up atmosphere.
- For our exciting and innovative projects in the automotive industry, we are looking for a low code app developer who will take us to the next level. We are now looking for full-time or part-time positions.
- Our focus is on the conception and development of low-code applications with the Microsoft 365 platform, especially PowerApps, PowerAutomate and PowerBI. Nonetheless, we also have an interest in Elastic infrastructure as an alternative skill.

YOUR TASKS

- Conception, development and maintenance of low-code apps with Microsoft 365 platform (PowerApps, PowerAutomate, PowerBI) or Elastic platform (Elasticsearch, Elastic Cloud).
- Analysis of business processes and identification of automation potential.
- Collaborate with various departments to understand requirements and develop customized solutions.
- Integration of PowerApps into existing system landscapes and cloud services.
- Ensuring the quality and security of the developed applications.
- Active participation in project meetings and exchange with the development team.

YOUR PROFILE

- Completed studies in computer science, business informatics or a comparable qualification.
- Profound knowledge in the conception and development of low-code apps with the Microsoft 365 platform or Elastic platform.
- Experience in integrating PowerApps with other Microsoft technologies (e.g. SharePoint, Dynamics 365).
- Good knowledge of data modeling and management using PowerApps.
- Knowledge of PowerAutomate and PowerBI is an advantage.
- Independent and solution-oriented way of working.
- Communication skills and team spirit.
- Excellent English with a plus for German language.

YOUR BENEFITS

Exciting projects

Flexible working hours

Company pension plan

ARRK Engineering Academy

Sports and wellness offers

Pleasant working atmosphere

APPLY NOW
